MEMORANDUM FOR CHAIRMAN, Ad Hoc Requirements Committee

SUBJECT: Overlays for Planning Purposes

1. Reference is made to memorandum for Chairman, Ad Hoc Requirements Committee (SC-00425/58), subject same as above, dated 24 February 1958. It is requested that you consider the addition of the following objectives to the plan referenced:

✓ (13) and (14) airfields at LAVRENTIA. Considerable air activity has been reported in this area, and bases have been associated with cold weather testing activities and possible long range staging bases.

✓ (15) UELEN: same as above. Both of these areas have been highly sensitive to peripheral flights. All photographic evidence available is considerably out of date. These airfields are the closest Soviet bases to Alaska and are of immediate concern to that command.

2. It is further requested that paragraph 2 (11), referenced paper, be corrected to read "ZALIV KRESTA" instead of KANGYNIN. The coordinates are: 6559N; 17848W.
